

24 Criteria Requirements for Shareholders to Propose Agenda or Nominate Director Candidate in Advance for the 2025 AGM

Thai Optical Group Public Company Limited (“the Company”) is committed to adhering to effective corporate governance principles and places a high value on active shareholder engagement. In anticipation of the 2025 Annual General Meeting of Shareholders, the Company has laid out specific criteria for shareholders who wish to submit agenda proposals or nominate director candidates in advance. These criteria are detailed as follows:

Qualifications for the Company's Shareholders:

The Shareholders of the Company shall hold their shares continuously for at least 12 months from the date they intend to propose, and they must also have ownership of these shares on the date of the Annual General Meeting (AGM). To be eligible for proposing agenda items or nominating director candidates, the shareholders shall hold not less than 5 percent of the total voting rights, which may be either owned by a single shareholder or collectively held. Moreover, if the name of such Shareholder on the Record Date does not appear, the Company reserves the right not to propose the agenda to the Shareholders Meeting for consideration. This action can be taken, regardless of whether these items have been included in the notice of the Annual General Meeting of Shareholders.

Proposal for Agenda Items:

Please use the 'AGM Agenda Proposal Form' to propose a single agenda item per form. If you have multiple agenda items to suggest, please duplicate this form for each item. Ensure that every form is fully completed and signed, and attach any necessary supporting documents as specified by the Company. If multiple shareholders wish to jointly propose an agenda item, each shareholder should individually complete the form and sign their name separately. We will collect eligible proposals and present them to the Board of Directors for their consideration in relation to the AGM agenda. If the Board of Directors concurs that the matter is advantageous to the Company or its Shareholders, it will be included in the AGM agenda. The Company reserves the right to exclude the following issues from the AGM agenda items.

1. Matters related to the routine operations of the Company do not give rise to reasonable suspicions of irregularities.
2. Matters required by law for consideration at the AGM, which have been routinely addressed by the Company.
3. Matters that have already been implemented by the Company.
4. Matters that fall outside the Company's authority.
5. Matters that contravene applicable laws, rules, regulations of government agencies, or regulatory bodies, or actions that are not in accordance with the Company's objectives, Articles of Association, and principles of good corporate governance.
6. Matters that Shareholders have previously proposed at the AGM within the last 12 months and received support from less than 10% of total voting rights, provided that there have been no significant changes to the proposals.

7. Any other matters that, in the reasonable judgment of the Board of Directors, are not deemed necessary for inclusion in the agenda. In such instances, the Board will furnish shareholders with an explanation of the rationale behind the mission of these matters from the agenda.

Proposal for Nominating a Directorship Candidate:

To nominate a candidate for the directorship, eligible Shareholders are required to complete the "**Candidate for Directorship Nomination Form**" and provide supporting shareholder documentation. The candidate must furnish their personal data, curriculum vitae, and any pertinent supporting documents. In cases where multiple shareholders jointly nominate a candidate, each shareholder should individually complete and sign their own Form. Subsequently, all completed Forms should be collected and submitted as one comprehensive set. The Nomination and Remuneration Committee will carry out a comprehensive due diligence inquiry into the candidate's background and conduct a selection interview. This process aims to ensure the Committee review's efficiency, prior to making a recommendation to the Board of Directors for consideration. If the Board of Directors agrees that the nominated candidate meets the necessary qualifications to serve as a director of the Company, the Board will present this candidate as part of the election and appointment of directors' agenda at the Annual General Meeting (AGM).
